

4000/4000HD

TIME RECORDER

CALCULATING PAYROLL SO YOU DON'T HAVE TO.

Managing payroll and employee attendance has just become easier and simpler. The Pyramid **4000/4000HD** Time Recorder is a fast payroll processing system that accommodates up to 100 employees. The recorder also saves you time and money. It eliminates errors by automatically calculating time totals for weekly, bi-weekly, semi-monthly, or monthly payrolls. The **4000/4000HD** features auto top-card feed and alignment for improved accuracy. The recorder also offers the option to operate external bells and synchronized wall clocks to keep your workforce on schedule and being more productive. The **4000HD** model offers heavy-duty steel construction that will withstand years of use in harsh environments such as manufacturing plants, industrial garages, and commercial locations. In addition, a built-in battery allows up to 30-days of backup in case power should fail. These innovative features make the 4000 series Time Recorder the right payroll solution for all businesses at an affordable price.

- Features 4 language operation
- One timecard for all pay periods
- Optional clocks and bell capability
